NES

Each year, Cultural Connections Regina selects a grassroots organization to partner with, and we are delighted that the Regina Early Learning Centre was selected as the charity partner for India Night 2023!

More than 630 guests including the Lieutenant Governor, the Premier and many other dignitaries attended India Night 2023.

Cultural Connections Regina (CCR) raised \$145,000 to support Regina Early Learning Centre (RELC). Funds raised have been used to purchase a new transportation van to ensure access to programming is available, remaining monies will be used for program delivery.

We would like to respectfully thank Cultural Connections Regina along with our presenting sponsor Sask Milk, and all the other incredible sponsors, auction donors, and friends who have helped make India Night 2023 such a huge success! Your support helps children in our community establish the foundation for a love of learning and setting them on a path for lifelong success.

An event in support of the Regina Early Learning Centre. Together, we can make a difference for Regina children.

Save the date!

Small hands, Big Dreams is a premier event supporting the Regina Early Learning Centre's early childhood and parenting programming.

For an independent nonprofit community-based organization like the Regina Early Learning Centre to be able to sustain the wide range of services and supports it offers children and families, a diverse and active fundraising strategy is essential.

This Live event will be held on **April 25, 2024**, at the Casino Regina Show Lounge, featuring musical performances, silent auction, 50/50 cash raffle and a few other fun surprises!

Supporting this event is a great way to show your concern for Regina's youngest and most vulnerable citizens and invest in the health and future of our community.

Please contact Meridee Sayer, Manager of Development at 306.520.2169 or email msayer@earlylearning.ca if you would like to support our event through sponsorship or donation of item to our silent auction.

Donate Now!

Tier 1: ELC Supporter

Help the ELC continue its long history of supporting families with young children.

\$25.00

Tier 2: New Toys

Help us maintain high quality equipment and toys at the Early Years Family Resource Centre.

\$50.00

Tier 3: Support a community lunch

Help our Family Outreach team in offering a community lunch.

\$75.00

The Regina Early Learning Centre (RELC) has always depended on the donations and support of many individuals and groups within our community.

During lean years, donations are critical to keeping the doors open. At other times, donations allow the Centre to make investments critical to our ongoing success.

Tier 4: Support a PMAD Group

Support the delivery of a weekly Perinatal Mood and Anxiety Support Group.

\$75.00

Tier 5: Art Champion

Support preschool activities in one classroom for a month!

\$100.00

Tier 6: Snack Hero

Support Preschool Nutrition for all classrooms for a week!

\$250.00

Tier 7: Lifelong Learners

Help our ELC team continue their commitment to learning and sponsor the tuition for a staff workshop.

\$500.00

These are a few examples of tangle ways you can support Regina Early Learning Centre.

If you would like to make a gift for the 2023 tax year, please let me know and I would be happy to help assist you!

Message from Manager of Development- Regina Early Learning Centre

With almost a year under my belt in this new fund development role, I am so grateful to get to meet all the wonderful people like you, who support Regina Early Learning Centre (RELC).

I have been a part of RELC for the last 25 years, firstly as a parent, then employee for the last 19 years, which helps me see firsthand the significant role RELC plays in the lives of families. I enjoy sharing my story, as I have lived and believe in RELC mission and vision for building awareness and sustainability for our future.

My role puts me at the front line with being a public face for RELC, with donors and prospects, with purpose of building meaningful and lasting relationships for organization and its mission and vision for our community but mostly the young children we work with.

If you have not had the chance to tour our centres, please feel free to reach out and I would be happy to show you firsthand the impact of your support and share the amazing learning spaces we provide for ongoing early years development.

The first five years of life are incredibly important and can have a profound impact on physical and mental health, educational success, and the ability to become a contributing member of our community. Investments in young children lead to healthier children, stronger families, and more vibrant communities.

All the best wishes to you and yours this holiday season and into the New year!!

Respectfully,

Meridee Sayer

Manager of Development
